

Computer Science Minor

Computer Science Department
College of Engineering University of Missouri
113 Engineering Building West Columbia, Missouri 65211-2060 (573) 884-6342

A Minor in Computer Science is offered through the College of Engineering. To obtain a minor, a student must complete 18 hours of courses approved by the Department of Computer Science. The student must make a C range grade or better with a 2.0 GPA in all courses counting towards the minor and must have at least 9 hours taken on the University of Missouri-Columbia campus. The following courses are required.

CS 1050	Algorithm Design and Programming I	3
CS 2050	Algorithm Design and Programming II	3
CS 3270	Introduction to Digital Logic	3
Three additional department-approved CS courses with at least one numbered above 3000		9

To receive a Minor in Computer Science you must fill in the following information and return this form to the CS advisor, 113 EBW, at least a month before graduating. **IMPORTANT NOTE:** If a student gets a minor in Computer Science, the student cannot come back to MU and later get a BA in Computer Science.
